

Khao Tao: Beautiful plot in an excellent location

9,860,000 THB

The 1920 square meter (1.21 Rai) plot, which is already 70 percent fenced in with a wall, has also been completely filled in. It is very close to Khao Tao Lake and is just 800 meters from Khao Tao Beach and the sea. Khao Tao itself is developing more and more into a villa suburb of Hua Hin with a rapidly growing influx of European residents, so there are now several small shopping facilities and 5 restaurants nearby. The Khao Tao train station is just a few minutes' walk away. It should also be emphasized that this is an end plot with its own driveway and is already adjacent to properties inhabited by Europeans.
